Art Unit: 3682

1. The following is an examiner's statement of reasons for allowance:

None of the prior art of record shows or renders obvious an infinitely variable friction transmission having a gearwheel arrangement located between the output discs and the input shaft; a compensation arrangement provided between a bottom end of each support for the friction wheels and a hydraulic piston, the compensation arrangement comprises an upper bearing shell, a lower bearing shell, a cage and plurality of balls accommodated by the cage, and a traction element is provided between the two bearing shells which adjustably connects the bottom end of the support with the hydraulic piston and passes through a middle of the compensation arrangement.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Information Disclosure Statement

2. The IDS, filed 1/3/03, has been considered in full.

Drawings

3. The drawings filed on 1/3/03 are acceptable subject to correction of informalities. In order to avoid abandonment of this application, correction is required in reply to the Office action. The correction will not be held in abeyance.
